### A One of a Kind Investment Opportunity:

#### Investment Choices

Access to a range of investment strategies to suit your risk profile:

- **Conservative Strategy:** Designed for customers who are focused on minimizing losses, who are not prepared to take significant investment risks.
- **Balanced Strategy:** Designed for customers who are focused on capital preservation / modest capital growth, and who are prepared to accept a medium level of investment risks.
- **Aggressive Strategy:** Designed for customers who are focused on capital growth, and who are prepared to take significant investment risks.

#### Transfers

Unlimited free transfers between investment accounts are allowed, helping you to benefit from market fluctuations, or to protect your account value.

#### Free Partial Withdrawal (Surrender)

- Partial withdrawals are allowed after 24 policy months and after receiving 2 years full target premiums.
- Maximum 4 partial withdrawals are allowed per policy year.
- Maximum withdrawal amount is 80% of the account value.
- Minimum withdrawal amount can be USD 2500.
- Minimum remaining amount in account value should be equal to 1 annual target premium.

#### Grace Period

If the net cash surrender value on any monthly due date is insufficient to cover the monthly deduction then due, a grace period of 90 days shall be allowed for the payment of a premium sufficient to cover the monthly deduction. If death occurs during this 90 days grace period, the outstanding premium shall be deducted in settlement of this policy. After the expiry of the 90 days, the policy will be cancelled without value.

#### Reinstatement

Reinstatement of the policy is allowed within 3 years of the grace period expiry.

#### 30 Days Free Look Period

MetLife offers a 30 days free trial period, following the issuance date, during which time you may cancel the plan by writing to Customer Service Department at MetLife, P.O. Box 371916, Dubai, U.A.E. You are entitled to a refund of premium. No refund will be made if a claim has already been paid. Please note that any refunded premium is not subject to interest and that the refunded amount maybe less than the paid premium if the selected investment accounts depreciate due to unfavorable market fluctuations.

## Risk Factors

You may get back less than the amount shown in the illustration or less than paid due to:

- Performance of the investment accounts you have selected (investments may fluctuate based on market conditions)
- Withdrawals you have made
- Missed premium payment(s)\*
- Tax rules (if applicable)

**Tip: Monitor your investment accounts performance regularly. You have the flexibility to change your investment accounts selection to suit your risk appetite and market conditions.**

\*Monthly fees will be deducted from your cash value. If the amount can't be covered by the cash value, policy will terminate after a grace period of 90 days.

## Policy Charges

- Policy Fee
- Management & Expense Charge
- Premium Charge
- Premium Load

## Current Expenses and Charges

### Policy Fee

A policy fee of USD 10 per month will be applied every year.

### Management and Expense Charge

Annual M&E Rates	
Account Value	% of Account Value
USD 0 to USD 24,999	1.70%
USD 25,000 to USD 99,999	1.20%
USD 100,000 +	0.80%

The monthly charge is the annual charge divided by 12.

### Premium Charge

A premium charge will be deducted from the account value in the first 2 policy years as per the table below:

Premium Payment Term (years)	% of Target Premium
5-9	11%
10-14	23%
15-19	32%
20+	40%

### Premium Load

A premium load of 2% will be applied on all target premiums received from policy year 2 onwards.

A premium load of 3.5% will be applied on all excess premiums received in any policy year.

## Surrender Charge

If you surrender your policy within the first 4 policy years, charges will be applicable. The summarized table of surrender charges can be found below.

How to calculate your surrender charge?

The Surrender Charge is calculated as Minimum (Surrender Charge Percentage x Annual Premium, Account Value), whichever is lower.

**Example: Premium payment term for 8 years; account value on the 36th month: USD 40,000 ; annual premium: USD 12,000**

$$\begin{aligned} \text{Surrender charge} &= \text{Minimum}(37\% \times 12,000, 40,000) \\ &= \text{Minimum}(4,440, 40,000) \\ &= 4,400 \end{aligned}$$
